## Single Login Process Performance Program Website

Earlier this year, we integrated several dealer platforms into a single set of login credentials, making your online experience smoother and more efficient. We're excited for the next phase launching **Monday, December 15th**, the integration of the Global Performance Program website.

**With this new single login process, users will benefit from:**

- Simplified access — one password for all Global web properties
- Seamless navigation — log on once, and access all integrated platforms without re-entering credentials

### What to Expect:

#### Step 1.

If you are not actively using the Dealer Website or Global Express Store, you will need to create an Okta account using your professional eMail address. To register with your professional eMail address, visit the Performance Program website and click "Not Registered? Enroll Here".

If you are an active user in the Dealer Website or Global Express Store and have already created an Okta account, clicking Sign In will allow you to enter your credentials and skip to **step 3**.

#### Step 2.

Click on the "Sign Up" link at the bottom of the login screen and complete the registration form.

#### Step 3.

Follow the prompt to enter the eMail address originally used to register for the Performance Program. You will receive an eMail with a confirmation link that will complete the association between your professional eMail address and the Performance Program website.

After your email address has synced with the website, it will serve as your primary email for all three platforms.
